Summary

Software Engineer skilled in Data Structures, Algorithms, and Web Development. Builds scalable web apps with clean code. Proven team player meeting deadlines and delivering solutions.

Technical-Skill

- **Languages:** Java, HTML, CSS, Tailwind Css, JavaScript.
- **Technical Courses:** Data Structures and Algorithms, OOPS, RDBMS.
- **Frameworks:** React.js, GraphCMS, GraphQl, ChatEngine, GitHub, NodeJs.
- **DataBases:** MySql and MangoDB.

Projects

Adivi⌁ | *React.js, Tailwind-Css, SCSS, GraphCMS & GraphQL*

Adivi is my dynamic and interactive personal blog website, serving as a platform where I passionately share my insights, experiences, and knowledge about Coding, Development, and the rapidly evolving landscape of upcoming technologies.

- Developed a dynamic blog platform using React.js, Tailwind CSS, and GraphQL.
- Enhanced content management through GraphCMS integration, boosting scalability.
- Published coding tutorials, attracting tech enthusiasts and fostering learning.

HangOut⌁ | *React.js, Tailwind-Css, SCSS, ChatEngine*

Crafted a user-friendly chat application enabling room creation for seamless friend communication. Highlighting key features such as username/password verification, real-time message exchange, and notification alerts.

- Designed a chat application with React.js and ChatEngine for seamless communication.
- Implemented real-time messaging using WebSocket, supporting multi-room chat.
- Enabled secure login, message notifications, and supported 100+ active users.

OneNote⌁ | *React.js, SCSS & Hooks & Props*

Established Dribble-Notes (An online Note taking Platform), a web platform enabling private note creation, editing, and deletion (CRUD Operations) with a minimalistic UI.

- Built a CRUD-based note management system with React.js and Bootstrap.
- Deployed the app via Vercel, ensuring fast and reliable access.
- Achieved 100+ daily tasks managed by users with an intuitive and responsive UI.

Achievement

- Solved 300+ problems on LeetCode, showcasing strong problem-solving skills.
- Developed and deployed a personal coding portfolio and real-time chat app.
- Created a personal tech blog using React.js and GraphCMS, sharing coding tips and development insights.

Work-Experience

Intern, Code-Alpha | Web Dev
- Developed a trackable multi-page survey form with state-saving and CAPTCHA integration.
- Delivered a fully functional project ahead of the deadline, receiving positive feedback.

Intern, CodSoft | Web Dev
- Created a portfolio site and food ordering platform using HTML, CSS, and JavaScript, reactJS.
- Improved UI responsiveness, increasing site usability by 30%.

Education

Ambalika Institute of Mgt. and Technology, Lucknow   2020-2024
Bachelor of Technology in Information Technology (67%)

New St. Angels public schooL, Pratapgarh Lucknow   2017-2019
Intermediate School (70%)
